CM FIRST
Rethink Modernization

CA Plex Patterns Training

The CA Plex Patterns training builds on the Foundations course by introducing the student to the pattern library available with CA Plex. Working 'hands-on,' each participant will learn the architecture, purpose, content, appropriate use, and manipulation of the most used design patterns.

Day 3
+ Module 6 – Technology API's
+ Module 7 – Business Fundamentals

Day 2
+ Module 3 – User Interface
+ Module 4 – Foundation
